Purpose and impact:

The role of Procurement Manager is a key role within the Council's Corporate Finance and Procurement team focussing on the provision of strategic procurement advice and support across Council services ensuring procurement activities align with delivery of the Council's corporate plan and priority objectives. Working closely with our service and contract managers, through our business partnering approach, this role incorporates both the provision of expert advice and management of the procurement cycle, commercial contract management whilst ensuring processes are robust, compliant and in line with the latest regulations.

The role includes;

Providing strategic procurement advice and support on all large programmes and projects; over £100K in value. While the role may support any area of the Council this is a new role which has been identified to provide dedicated procurement support to the housing asset investment team. The individual will work closely with senior property leads to develop the asset investment procurement strategy, and subsequently lead end to end delivery a suite of range of property maintenance, planned and refurbishment works contracts.

- To provide strategic guidance to senior officers up to and including Directors in delivering service objectives by procuring value for money contracts. To inform service re-design and innovation projects with relevant advice on procurement strategy and evaluation tools.
- To ensure that all procurement activity is compliant with UK legislation and case law and best practice. Drive and develop procurement processes incorporating changes in policy due to procurement regulations or legislation, with a robust understanding of policy.
- To influence the design of contract specifications and evaluation criteria in order to deliver service outcomes and a reduction in cost, whilst mitigating risk to business continuity.
- To reflect the policy and strategy of Procurement Board in their support and advice to officers, developing the most appropriate procurement strategy and reflecting this within tender documents and the relevant Committee reports.
- To provide advice and help to both internal and external stakeholders to ensure that the local CPRs, Procurement Regulations, Contract Register Protocols and Social Value Policy are followed.
- Develop and implement relationships with service areas, to identify future procurement needs and allow adequate time for delivery.
- To establish an in-depth knowledge and understanding of all categories of requirement, from care and services to construction ICT and other complex areas.

Accountable to:

This role is accountable to the Head of Procurement – NPH and the role sits within the Strategic Finance and Procurement Service which forms part of the Resources Directorates within West Northamptonshire Council.

Responsibilities:

- Research and identify innovative procurement solutions across the public and private sector that can be implemented within a specific category of spend.
- Design and manage procurement project plans for individual projects including developing tender documents and evaluation processes and identifying risks and issues for specific contracts to ensure that contracts are delivered on time and budget in a way that is most likely to deliver improved benefits and savings for customer service areas.
- Lead on developing, implementing, and subsequently reviewing procurement strategies for the whole procurement cycle in the designated business partner spend area ensuring this approach is agreed with relevant stakeholders.
- Determine and continually monitor current supply market position in the specific spend areas to identify both over and under capacity. Implement both supplier rationalisation programmes and contract strategies to develop new sources of supply as appropriate to optimise competition.
- Research best practice and benchmark the costs of services against top quartile performance.
- Manage the balance across a range of different and often conflicting priorities relating to areas including balancing aggregation of spend, promoting local economic growth, mitigating commercial and legislative risk, and delivering financial savings.
- To maximise personal productivity, minimise duplication and errors; and manage our information efficiently and securely to reduce risk, through effective use of Office 365 and our internal IT systems and applications.
- Actively challenge and seek to eliminate any directly or indirectly discriminatory practice or behaviours.
- Demonstrate awareness and understanding of other people's behavioural, physical, social and welfare needs and ensure that reasonable care is always taken for the health, safety and welfare of yourself and other persons.
