Grade: **P2**

Overall purpose of the job

Cambridgeshire County Council adopts an approach to social work and social care that is strengths and assets based, proactive, preventative, and personalised. This is called the Adults Positive Challenge Programme. The vision for Adult Social Care is **“People are supported to remain as independent as possible in and by their communities”**. What this means is:

- ✓ A more localised approach to supporting citizens, where people feel connected and able to help themselves and each other
- ✓ Focusing on early intervention and prevention, and maximising people's independence and interaction

This way of working enables professionals to spend more time with service users and carers, talking to them about their lives and what will make a difference to them, and using knowledge of the local community and council and partner information sources, their personal networks, and providers to help them access new opportunities which will support them to maintain their independence as far as possible.

Senior Social Workers will endorse and act in accordance with the principles of personalisation, ensuring that care and support are person-centred and as far as possible put the people with whom they work in control of their lives. In doing so they will carry out assessments of need, plan and deliver services and review outcomes with the individual, their personal networks and support providers.
