

Job Description

Job Title	Occupational Therapist, Prevention and Early Intervention, Cambridgeshire County Council
Grade	P1, Scales 1 – 4

Overall purpose of the job

To provide Occupational Therapy interventions to people as part of identifying, preventing, reducing and delaying the need for short term Reablement or long term social care provision.

To work closely alongside Reablement and social care staff, identifying where Occupational Therapy can enhance a person's independence, with the aim of them achieving their identified goals.

To work as a core member of the Prevention and Early Intervention Service to delay or prevent the need for long term care by using occupational therapy to consider if all alternative solutions to the provision of social care have been explored, and to support the delivery of a reabling culture and ethos.

To work in liaison with internal and external partners to deliver specialist risk assessments of service users, to determine the level of care and support required to best meet their needs.

To support and empower adults to enhance their quality of life, maximise their potential and to continue to develop independence skills within their own homes through accurate goal planning and review.

To work closely with all health and social care professionals involved in the care planning and delivery of support, acting as a vital link between health and social care.

To act as a point of expertise to the wider multidisciplinary team, providing support with complex cases, carrying out joint assessments and goal planning, coaching and mentoring others to raise awareness of the use of occupational therapy in their work.
