Thank you for your interest in this role. Our vision at West Northamptonshire Council (WNC) is: 'to make West Northants a great place to live, work, visit and thrive'.

We truly stand by this and work hard every day to make this a reality, and at WNC it's about our people. People who thrive with ambition, bring new ideas, demand better ways of working, care about every detail, and who never shy away from a challenge.

Our culture is a gateway for new experiences. A place to forge new opportunities. To empower you in your career and unite you with like-minded people. When potential is unlocked, talent thrives.

West
Northamptonshire
Council

Purpose and impact:

The Consultant in Public Health role will bring public health and leadership experience to the development and the delivery of the public health agenda in West Northamptonshire and the implementation of the public health requirements placed on local authorities under the Health and Social Care Act 2012.

The post holder will be an important member of the Public Health leadership team for West Northamptonshire and will support the Director of Public Health to deliver his or her responsibilities across the area, including the commissioning responsibilities contained within the section 7a agreement with the Secretary of State. The post holder will contribute to the implementation of all relevant national and local policy and recommendations, ensuring that population health principles and approaches are at the heart of local transformation in order to secure improved health outcomes, including prevention of ill-health and reduced health inequalities.

In addition, the post holder will manage, and be responsible for, a portfolio of public health programme areas and the associated staff and resources as required by the Director of Public Health, while contributing to the wider public health agenda and supporting the Public Health Team as a whole.

The public health team has three main duties:

- To take steps to improve the health of the population, including commissioning public health action and interventions.
- In tandem with central government, to take steps to protect the population against threats and hazards and organise efforts to ensure plans are in place to respond to any health protection emergencies; and
- To provide commissioning advice and support to Clinical Commissioning Groups and partner organisations.

This role exists:

- To have responsibility for development, implementation and delivery of local policies, developing and evaluating inter-agency and interdisciplinary strategic plans and programmes to improve public health and wellbeing in the county; and
- To provide expert public health advice and leadership to support and inform an evidence-based approach within ethical frameworks for commissioning and developing high quality equitable services to improve public health and wellbeing in West Northamptonshire.

The post holder will have individual objectives and a job plan and will also create a supported personal development plan with the Director of Public Health to build on existing knowledge and develop any additional skills/competencies required to take a leadership role in one or more public health programme areas. The job plan documents will set out the agreed programmed activities (PAs) that are necessary to fulfil the duties and responsibilities described in the job description.

Accountable to:

This role is accountable to the Director of Public Health and is responsible for the direct line management of a Public Health Principal and the leadership of service areas within the designated portfolio area. The role sits within the Public Health Team, part of the People Directorate in West Northamptonshire Council.

Responsibilities:

The post is subject to the core competencies as set out by the Faculty of Public Health for Consultant appointments and the post holder will be expected to demonstrate expertise in all of them (Appendix A). The post holder's main accountabilities are:

1. To provide strategic and system leadership and provide and coordinate high quality professional Public Health input, support and advice to the local system to drive improvements in outcomes, prevention of ill health, promotion of good health and reductions in health inequalities.
2. To be responsible for development, implementation and delivery of local policies, developing inter-agency and interdisciplinary strategic plans and programmes, with delegated authority to deliver key public health targets;
3. To provide expert public health advice and leadership to support and inform an evidence-based approach within ethical frameworks for commissioning and develop high quality equitable services, across primary, secondary and social care, and across sectors including local authorities, voluntary organisations, etc;
4. To develop and utilise information and intelligence systems to underpin public health action across disciplines and organisations, leading collation and interpretation of relevant data;
5. To monitor and contribute to the formulation of Public Health budgets and inform and manage financial initiatives;
6. To lead on public health research in specific topic areas, and commission research audits/projects, and/or undertake research or audit and translate research findings into public health practice;
7. To provide public health expert advice to health organisations in Northamptonshire, including ensuring that there is an effective use of secondary care and primary care data to inform the Integrated Care System's (ICS) commissioning and provider functions, and developing a work programme to enable ICS to receive timely advice to inform their commissioning plans; and
8. To respond when required to press enquiries and general public concerns, in conjunction with the communications team and in accordance with organisational policy.
9. To maximise personal productivity, minimise duplication and errors; and manage our information efficiently and securely to reduce risk, through effective use of Office 365 and our internal IT systems and applications.
10. Actively challenge and seek to eliminate any directly or indirectly discriminatory practice or behaviours.
11. Demonstrate awareness and understanding of other people's behavioural, physical, social and welfare needs and ensure that reasonable care is taken at all times for the health, safety and welfare of yourself and other persons.

PERSONAL AND PROFESSIONAL DEVELOPMENT

In addition, the postholder will be expected to;

1. Work in accordance with the appropriate professional group's code of conduct and appraisal and revalidation process as appropriate and relevant to role (e.g. NMC, GMC, Department of Health Code of Conduct for Senior Managers, CIPD, etc.);
2. To pursue a programme of Continuing Professional Development including mandatory training in accordance with the requirements of a recognised Professional body e.g. Faculty of Public Health, Royal College of Pathologists, etc.;
3. On the occasions when a medical qualification and GMC specialist registration are required, medically qualified members may be asked to undertake specific duties such as in the development of Patient Group Direction or Medical Officer Functions in the Regulations of the Public Health Act, such occasions may be based on legislative or organisational requirements;
4. To ensure direct reports and all staff members within scope of responsibility have objectives that are based on corporate strategy and that they are held to account for their delivery;
5. To ensure appropriate clinical/professional development and mentorship systems are in place for teams within area of responsibility and provide direct clinical/professional supervision and mentorship as appropriate including the management of Specialty Registrars in Public Health;
6. To carry out your duties in line with all organisational policies, procedures and standards;
7. To deputise for the Director of Public Health when required.

The above is only an outline of the tasks, responsibilities and outcomes required of the role. You will carry out any other duties as may reasonably be required by the Director of Public Health. The job description and person specification may be reviewed on an ongoing basis in accordance with the changing needs of the organisation or the Public Health and Wellbeing Directorate.
