Building Control Regulatory Services Place Directorate

Thank you for your interest in this role. Our vision at West Northamptonshire Council (WNC) is: 'to make West Northants a great place to live, work, visit and thrive'.

West
Northamptonshire
Council

We truly stand by this and work hard every day to make this a reality, and at WNC it's about our people. People who thrive with ambition, bring new ideas, demand better ways of working, care about every detail, and who never shy away from a challenge.

Our culture is a gateway for new experiences. A place to forge new opportunities. To empower you in your career and unite you with like-minded people. When potential is unlocked, talent thrives.

Purpose and impact:

To be an advocate for the West Northamptonshire Building Control Service in providing a professional, effective, and efficient technical support for the registration, validation and processing of all Building Control services, including Street Naming & Numbering applications, and the effective delivery of support to both internal and external customers contacting the service.

Accountable to:

For example: This role is accountable to the Senior Technical Support Officer Building Control. The role sits within Building Control, part of the Place Economy and Environment Directorate in West Northamptonshire Council.

Responsibilities:

1. Prioritising any calls, emails or notifications of Dangerous structures. Action to be completed within 1 hour - data captured to enable notification to be added as a case within the system and Building Control management advised as per procedures
2. Responsible for inputting Building Control data, including fee as required to meet with Building Control Legislation and ensure the relevant and appropriate information is recorded accurately.
3. To receive/register and validate all Building Control Applications, including fee calculations, in accordance with all statutory regulations and within the agreed timescales. This includes Building Notice, Full Plans, Regularisations, Unauthorised Works, Dangerous Structures and all other application types held within the back-office system.
4. Responsible for the checking and issuing of Building Regulation Approval / completion / refusal certificates in accordance with the relevant Building Control legislation and performance standards.
5. Responsible for the raising and issuing of Demolition Notices as required, including conducting and consultations as required by legislation or corporate policies.
6. Follow all processes and procedures with Street Naming Duties, including registering of applications, taking fees, consultations and following all procedures and processes in accordance with agreed policies and relevant legislation. Providing suitable recommendations for the names of new streets/roads where no suitable option has been provided by the developer.
7. The data processing necessary for the issuing of invoices for services (Inspections, dangerous structures, etc.) provided to the public, developers and other Local Authorities within the appropriate performance standards.
8. Maintain both the Councils Approved Inspectors and Competent Persons registers as required to comply with all procedures, processes and legislation.
9. Respond to simple technical and non-technical enquires from current and potential building control customers. Where more complex technical questions are raised by the customer, ensure the correct surveyor is advised to enable the customer to receive the relevant information. Maintaining, at all times, a positive and professional impression of the West Northamptonshire Building Control service.
10. Collect and provide data, as requested, to central government bodies, for example DHULC, in regard to housing data or other data requests specific to Building Control services.

11. Comply with all Data Protection (GDPR), Equal Opportunities, relevant Building Control Legislation and other procedures within the team. Including the redaction of any personal sensitive data as defined by The Information Commissions Office (ICO) for all documents published electronically.
12. Support the Senior Technical Support Officer in systems maintenance and testing as directed.
13. Attending local, regional and national building control events/functions, such LABC seminars, in order to develop better understanding of issues, processes, legislation, systems or changes to procedures.
14. Assisting and support other departments, members of the public, Council Members and professional bodies with administration and registrations enquiries, escalating to the Senior Technical Support Officer or a relevant Building Control surveyor when required.
15. To maximise personal productivity, minimise duplication and errors; and manage our information efficiently and securely to reduce risk, through effective use of Office 365 and our internal IT systems and applications.
16. Actively challenge and seek to eliminate any directly or indirectly discriminatory practice or behaviours.
17. Demonstrate awareness and understanding of other people's behavioural, physical, social and welfare needs and ensure that reasonable care is taken at all times for the health, safety and welfare of yourself and other persons.
