Job description and person specification

## Functional Analyst (ERP)

Digital, Technology and Innovation, Corporate Services  
Directorate

Thank you for your interest in this role. Our vision at West Northamptonshire Council (WNC) is: 'to make West Northants a great place to live, work, visit and thrive'.

We truly stand by this and work hard every day to make this a reality, and at WNC it's about our people. People who thrive with ambition, bring new ideas, demand better ways of working, care about every detail, and who never shy away from a challenge.

West  
Northamptonshire  
Council

Our culture is a gateway for new experiences. A place to forge new opportunities. To empower you in your career and unite you with like-minded people. When potential is unlocked, talent thrives.

## **Purpose and impact:**

To assist the ERP Management team in the provision of a 'Functional Centre of Excellence', by taking a lead role and acting as system experts in the use of Unit4 Business World ERP, consulting and working with other ERP partners and colleagues as appropriate to ensure consistency of practice and quality data, and developing the ERP system and other related business systems to drive out efficiency savings and to ensure that statutory requirements are met.

## **Accountable to:**

This role is accountable to the Functional Development Manager. The role sits within Digital, Technology and Innovation Services, part of the Corporate Services Directorate in West Northamptonshire Council.

## **Responsibilities:**

1. System Development - Use expert knowledge of ERP Modules to assist the ERP Management team in the development and implementation of proposals for expanding and improving the use of the ERP in order to drive out efficiencies from the system and meet changing needs of Shared Service partners as well as ensuring that any changes to legislation are reflected on the system as appropriate.
2. Advice and Support/Problem Resolution - Provide expert support with complex queries and issues raised by ERP users. Act as subject matter experts to ERP users in order to ensure understanding and to diagnose and resolve queries and issues at the earliest opportunity. Ensure smooth running of the payroll process resolving/escalating any issues to meet tight timescales.
3. Partnership Working/Project Management - Work with Shared Services partners across the ERP and related business systems on projects to develop and improve the system to ensure project success across all modules and minimise impact of changes to users, e.g. projects of Shared Service partners and internal 'Roadmap' developments such as Self Service and Establishment Control.
4. System Testing - Co-ordinate and undertake comprehensive and rigorous testing across all ERP modules for all developments, upgrades and patches including preparation and maintenance of test plans to ensure success of upgrades. This will include some occasional weekend working for which appropriate pay rates will apply.
5. Team Development - Provide advice and training to less experienced team members as required. Provide a lead role to ensure development, maintenance and QA work is identified and carried out within appropriate timescales. Deputise for the ERP Management team as required.
6. User Training - Identify training needs, design and maintain user manuals, training materials and programmes for ERP modules. Deliver and evaluate training to users when required.
7. Carry out any other duties which fall within the broad spirit, scope and purpose of this job description and which are commensurate with the grade of the post.
8. To maximise personal productivity, minimise duplication and errors; and manage our information efficiently and securely to reduce risk, through effective use of Office 365 and our internal IT systems and applications.
9. Actively challenge and seek to eliminate any directly or indirectly discriminatory practice or behaviours.
10. Demonstrate awareness and understanding of other people's behavioural, physical, social and welfare needs and ensure that reasonable care is taken at all times for the health, safety and welfare of yourself and other persons.

This job description reflects the major tasks to be carried out by the post holder and identifies a level of responsibility at which they will be required to work. In the interests of effective working, the major tasks may be reviewed from time to time to reflect changing needs and circumstances. Such reviews and any consequential changes will be carried out in consultation with the post holder.
