West
Northamptonshire
Council

Purpose and impact:

1. To improve housing conditions in West Northamptonshire's private sector – and effect a positive and sustained step change in the behaviour of landlords and letting agents – through advice, licensing, risk-based interventions and intelligence-led enforcement action. Including the optimum use of civil penalties, rent repayment orders and licensing fees to support West Northamptonshire's intelligence-led approach to housing enforcement and maximise the impact in tackling criminal, rogue and irresponsible landlords.
2. To provide an efficient, high quality advice, information and enforcement service for houses in multiple occupation (HMOs) in order to ensure that all HMOs are well managed, safe and habitable and that all licensable HMOs are licensed.

Accountable to:

1. This role is accountable to the Housing Enforcement Manager, and whilst having no direct line management responsibilities, opportunities exist for the development of management skills through coaching and mentoring colleagues. The role sits within Private Sector Housing Services, part of the Housing and Communities Directorate in West Northamptonshire Council.

Responsibilities:

1. Undertake a range of activities including property inspections, HHSRS assessments, the drafting of schedules of work and the preparation and serving of notices, interviewing people under caution, executing warrants of entry and carrying out works in default and prepare cases for prosecution or the imposition of civil penalties to ensure the maintenance and improvement of standards across the Private Rented sector. Give evidence as necessary in the Tribunal and Courts Service.
2. Work collaboratively with the owners and managers of licensable HMOs to ensure that their properties are licensed, well managed, maintained in a good condition, meet the amenity standards and comply with the HMO Management Regulations.
3. Respond promptly, within agreed timescales, to complaints about serious disrepair and housing-related nuisance in the private sector and, through investigation, evaluate risks and hazards and determine the nature, cause, urgency and remedy of the problems.
4. Develop and maintain close working relations with a wide range of other services and organisations in order to facilitate the flow of information, encourage joint working and co-operation, achieve the prompt resolution of complex problems and ensure that, even when an input is required from a number of teams, service delivery is always well co-ordinated and the service user is kept fully informed of developments.

5. Work collaboratively and proactively with colleagues across the Team, and the wider Council ensuring delivery of coordinated services to tackle harassment and unlawful eviction, preventing homelessness, and ensuring that Council managed accommodation is compliant with Housing law.
6. Work proactively with Planning, Revenues & Benefits, Housing Options & Advice, the Anti Social Behaviour Team, Trading Standards, the Police, Immigration, the Northamptonshire Fire & Rescue Service and other services to identify and target those HMOs that should be licenced but are not, and those non-licensable HMOs that need an urgent inspection because it is suspected that they are severely overcrowded, in a very poor state of repair and/or pose a very high risk to the occupants and their visitors.
7. Maintain professional competence and keep abreast of developments in relation to private sector housing enforcement (including the introduction of civil penalties and rent repayment orders) and the relevant legislation through research and reading, attendance of courses and briefings, and the use of established networks.
8. Contribute to the development, implementation and co-ordination of new working practices and initiatives that tackle overcrowding, reduce the number of licensable HMOs operating without a licence and improve private sector housing conditions.
9. To maximise personal productivity, minimise duplication and errors; and manage our information efficiently and securely to reduce risk, through effective use of Office 365 and our internal IT systems and applications.
10. Actively challenge and seek to eliminate any directly or indirectly discriminatory practice or behaviours.
11. Demonstrate awareness and understanding of other people's behavioural, physical, social and welfare needs and ensure that reasonable care is taken at all times for the health, safety and welfare of yourself and other persons.
